

Codex Task Instructions – M6.2.2 Part A

You are working inside this folder:

Module6/M6.2.2/PartA

Your job is to complete the assignment using the provided documents and place the finished outputs inside the **submit** folder.

IMPORTANT RULES

1. NEVER modify the original template files in the root folder.
2. ALWAYS work only on copies inside the **submit** folder.
3. NEVER modify these reference files:
 - Module 6 - Project Task 2.2 - Managing Technical and Legal Reports (Part A).pdf
 - Property Inspection Photos.pdf
 - Marketing Photographs.pdf
 - Building Inspection Report.pdf
 - Statement of Information.pdf
 - .srt or .mp4 files

These files are reference documents only and must not be edited.

FILES THAT MUST BE COMPLETED

Only the following files must be edited:

- Costings Template.xlsx
- M6_Cover_Assessment 2.2Part A_V1.1.docx

Additionally you must create:

- Feasibility Report.docx

Do NOT rename the template files.

STEP 1 – PREPARE SUBMISSION WORKSPACE

If the **submit** folder does not exist, create it.

Copy the following templates into the **submit** folder:

- Costings Template.xlsx
- M6_Cover_Assessment 2.2Part A_V1.1.docx

Create a new file inside the submit folder:

Feasibility Report.docx

All edits must occur inside the **submit** folder.

STEP 2 – REVIEW PROJECT DOCUMENTS

Read the following files to understand the property and its issues:

- Module 6 - Project Task 2.2 - Managing Technical and Legal Reports (Part A).pdf
- Statement of Information.pdf
- Marketing Photographs.pdf
- Property Inspection Photos.pdf
- Building Inspection Report.pdf

Understand that:

- The property is located at 10 Riddle Street Bentleigh VIC 3204
 - The client is considering purchasing the property
 - You must determine whether the property should be repaired or demolished and rebuilt
-

STEP 3 – REVIEW PROPERTY CONDITION

Use the inspection report and photos to identify major building defects.

Examples may include:

- Cracked retaining walls
- Unsafe loft stairs
- Corroded carport roof
- Water damage
- Rotten window frames
- Bathroom tile failures
- Cracked shower base
- Drainage issues
- Structural deterioration

Identify all issues requiring repair.

STEP 4 – COMPLETE COSTINGS TEMPLATE

Open:

submit/Costings Template.xlsx

List each building issue and estimate repair costs.

Possible categories include:

Structural repairs

- Retaining wall reconstruction
- Porch concrete repairs
- Loft stair replacement

Building envelope repairs

- Roof replacement
- Window frame replacement
- Waterproofing repairs

Internal repairs

- Bathroom renovation
- Kitchen repairs
- Ceiling and wall repairs
- Flooring replacement

External works

- Drainage corrections
- Downpipe repairs
- Landscaping repairs

Ensure the spreadsheet contains:

- repair item description
- estimated cost per item
- total rectification cost

Save the spreadsheet.

STEP 5 – PREPARE FEASIBILITY REPORT

Create:

submit/Feasibility Report.docx

Include the following sections.

1 Project Overview

Explain the purpose of the report and the client's objective.

2 Property Description

Summarise information about the property using marketing documents.

3 Identified Building Issues

Summarise major issues from the building inspection report and photos.

4 Cost of Rectification

Explain the repair cost estimates using the Costings Template.

5 Repair vs Demolition Analysis

Compare repairing the existing dwelling vs demolishing and rebuilding.

6 Immediate Safety Issues

Identify issues preventing safe occupation.

7 Environmental Impacts

Consider asbestos, waste disposal and demolition impacts.

8 Encumbrances and Legal Considerations

Discuss planning restrictions, easements or legal limitations.

9 Development Limitations

Discuss potential planning or zoning constraints.

10 Service Limitations

Identify limitations relating to sewer, stormwater, electricity or utilities.

11 Recommendation

Provide a final professional recommendation for the client.

STEP 6 – COMPLETE COVER SHEET

Open:

submit/M6_Cover_Assessment 2.2Part A_V1.1.docx

Fill in:

- Student name
- Student signature
- Date

Leave trainer/assessor sections blank.

STEP 7 – VERIFY SUBMISSION

Ensure the **submit** folder contains:

- Costings Template.xlsx
- Feasibility Report.docx
- M6_Cover_Assessment 2.2Part A_V1.1.docx

Check that:

- all report sections are completed
- cost estimates are included

- formatting is readable

Do NOT modify original files outside the submit folder.

FINAL GOAL

Produce the completed assessment documents inside the **submit** folder ready for submission.
