Assessment Task:

You are required to complete the M6_Cover_Assessment 2.2Part A_V1.1

(<https://buildersacademy.instructure.com/courses/5418/files/2863399?wrap=1>) ↓

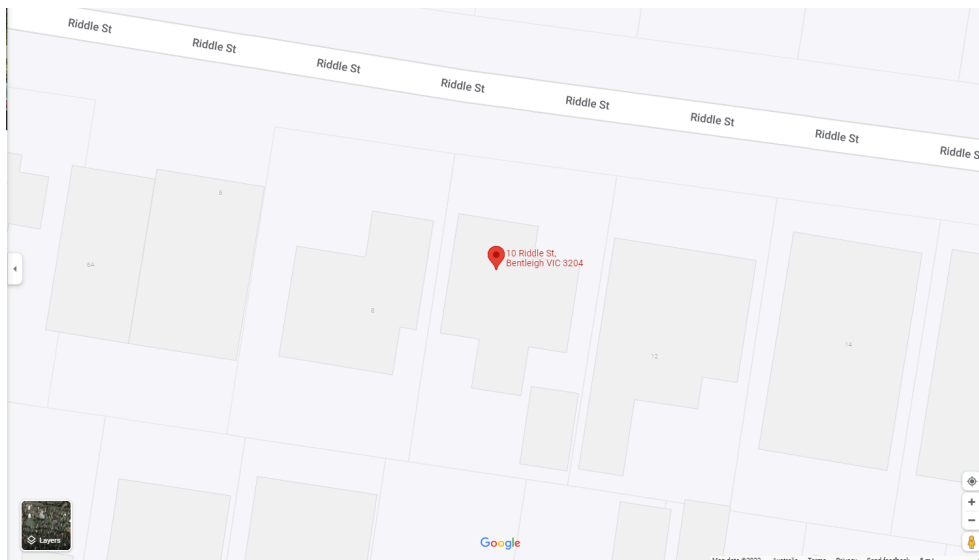

(https://buildersacademy.instructure.com/courses/5418/files/2863399/download?download_frd=1) and attach it along with other required documents for this assessment. Ensure you complete all required information.

? What do I need to do?

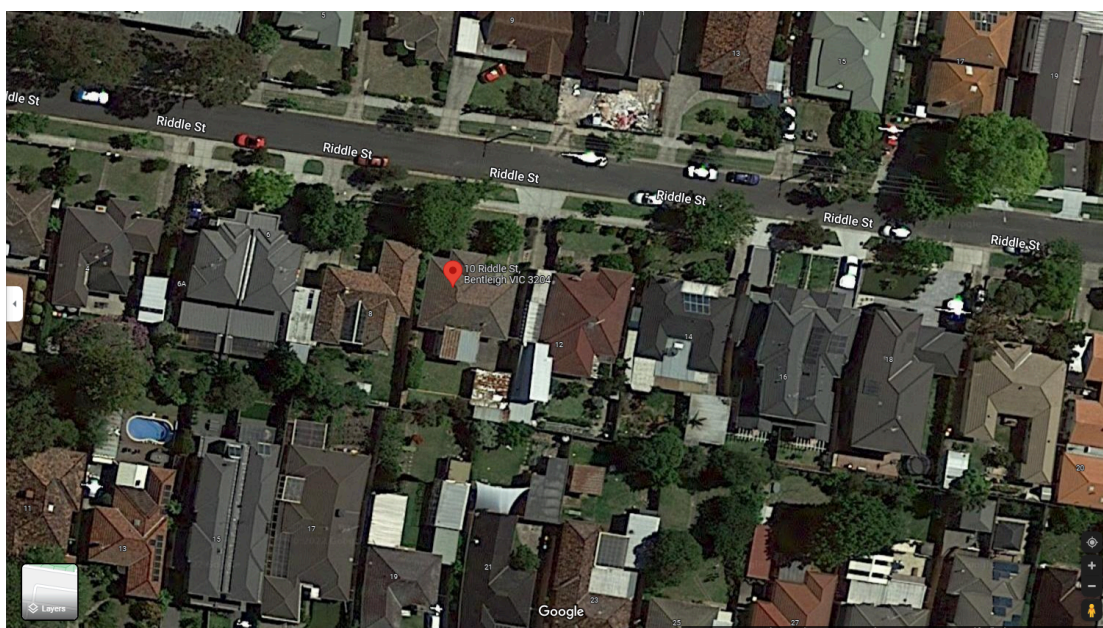

This activity relates to the property 10 Riddle Street Bentleigh. You will need to refer to the photos, plans and other documents provided.

Prepare a construction project feasibility report for a client who wishes to purchase the property *10 Riddle Street Bentleigh*. The client wishes to determine if the property is suitable for occupancy, the costs associated with repairing the property for their family to move in, or whether the property should be demolished and a new home constructed.

To assist in completing this feasibility study, you have been provided with the following information:

- Real Estate Agency documents, including the **Statement of Information** (<https://buildersacademy.instructure.com/courses/5418/files/2578047?wrap=1>) 
(https://buildersacademy.instructure.com/courses/5418/files/2578047/download?download_frd=1)
and **Marketing Photographs** (<https://buildersacademy.instructure.com/courses/5418/files/2577910?wrap=1>) 
(https://buildersacademy.instructure.com/courses/5418/files/2577910/download?download_frd=1)
- **Photographs from an onsite inspection** (<https://buildersacademy.instructure.com/courses/5418/files/2578049?wrap=1>) 
(https://buildersacademy.instructure.com/courses/5418/files/2578049/download?download_frd=1)
highlighting a range of issues
- A **Building Inspection Reporting** (<https://buildersacademy.instructure.com/courses/5418/files/2578046?wrap=1>) 
(https://buildersacademy.instructure.com/courses/5418/files/2578046/download?download_frd=1)
relating to urgent structural issues

For the feasibility assessment, you are required to complete the following:

- Complete the **Costings Template** (<https://buildersacademy.instructure.com/courses/5418/files/2578052?wrap=1>) 
(https://buildersacademy.instructure.com/courses/5418/files/2578052/download?download_frd=1)
based on the range of issues which are required to be fixed. These can be identified through the provided documentation or through other sources
- Complete the feasibility report including the following information:
 - Costs of rectifying the existing building issues (from the completed template)
 - Assessment of the cost of the cost of rectification compared to demolition and construction of new dwelling/s. Compare the likely cost of sale and rent with comparable properties in the area to assist in your decision. Include the impacts on finance assuming that the client only has a 10% for the expected price of sale for the property and will need to finance the remainder depending on the solution recommended.
 - Immediate issues impacting occupation of the property.
 - Environmental impacts affecting the works required, taking into account the age of the property and the materials present
 - Any encumbrances or caveats on the property, taking into account its location and age
 - Limitations on development taking into account location and age
 - Limitations of services to the lot

Ensure that you include any attachments to your feasibility report.

How will I be assessed for this task?

For this task you are required to submit the following:

- Completed costings template

- Completed feasibility study
- A Completed Coversheet /Answer Sheet: [M6_Cover_Assessment 2.2Part A_V1.1](https://buildersacademy.instructure.com/courses/5418/files/2863399?wrap=1)
(<https://buildersacademy.instructure.com/courses/5418/files/2863399?wrap=1>) 
(https://buildersacademy.instructure.com/courses/5418/files/2863399/download?download_frd=1)
